SCIENCE LAB & COLORING SHEET: RC CAR WHEELIE & MIDAIR FLIGHT

Explore Brushless Motors, Instant Torque & Newton's 3rd Law with Zen, Toby & Capy!

COLOR YOUR MONSTER TRUCK & DRAW YOUR DREAM RACING TRACK!

1. 50,000 RPM MOTOR
Brushless electric motor spins with zero friction, unleashing explosive instant torque!

2. NEWTON'S 3RD LAW
Rear tires push backward on asphalt; ground reacts with an equal forward lifting force!

3. MIDAIR STEERING
Throttle in mid-air pitches the nose UP. Brake pitches the nose DOWN for a smooth landing!

RACING MAZE CHALLENGE: HIT THE RAMP & LAND ON ALL 4 WHEELS

Guide the RC buggy through obstacles, launch off the ramp and reach the finish line!
